Berlin, March 25, 2019

Dear Mr. Mayor SEIJI HAGIWARA,

last year, on 6th April 2018, I had the honor to talk to you. Through the conversation I got to know your different and extensive tasks in the beautiful city of Mimasaka.

With this letter, I remind you politely and respectfully to reconsider the permanent exhibition of the Ho Chi Minh statue in the Mimasaka Museum. I appreciate your preference for the Vietnamese people. Nevertheless, we cannot identify the Vietnamese people with a communist dictator. The people of the country still suffer from the oppression and injustice of the one-party system. The wealth of the party members is a clear proof of corruption.

On behalf of the freedom loving Vietnamese people, I ask you to stop the exhibition of the Ho Chi Minh statue in your city. Please let the visitors of the Mimasaka Museum understand a true and accurate depiction of Vietnamese history instead of promoting propaganda.

I wish you and your council good luck in all state task.

Sincerely

Dr. med. Hoang Thi My Lam

Chairwoman of the Vietnamese Refugee Union of the Federal Republic of Germany
